

A HEART FOR SUCCESS

A Key to Success

Where you are this minute in your life has no bearing on what you can accomplish. What you are presently doing, who your parents were or your financial status, may be facts but they do not have to control your future. You cannot change your past, but your decisions today will affect your future. (Jeremiah 29:10-14)

Actions occur. You think; you decide; you make a choice, and then you act. To make your future more successful, you begin by changing your thinking (changing your mind) repent of the old ways. (Proverbs 23:7)

CONCLUSION: (I John 5:4-5, 14-15) Criticism, condemnation, and complaints are carried by the winds. Hoist your sail, position yourself with all that behind you, using any negative energy or circumstances to drive you forward to your dream. You have the ability to determine your direction by changing your thinking. Your destiny has been assured; keep moving forward into your dream.
